

Word Reading Lessons

Phonics Scope and Sequence

Two sets of phonics skills are taught in each weekly lesson. Lessons are sent to students needing additional work in foundational literacy skills. The lessons are completed during Work Time in the form of instructional videos teaching the skill, interactive practice in isolation, application to connected decodable texts, and adaptive remediation based on student performance.

Word Reading 1			
Decodable Text	Skill(s)	Number of Words	Presentable Code
At a Mat	Consonants m, s, t; Short a	71	predecodable
